

# Child Nutrition Barbecue

## The Chandler Family Cares

The Chandler staff and family want your children to enjoy wholesome, safe, and delicious BBQ. Our entire USDA-inspected operation is geared toward your customer satisfaction.

## Healthy Entrée Choices

Making healthy menu choices for your students is tough! When students hear or read “healthy”, they think no flavor!

**Chandler Foods has changed that perception!**

#53-500 CN Chicken Barbecue with Tomato BBQ Sauce

#20-500 CN Pork Barbecue with Vinegar Sauce

## Our Nutritional Advantage

Each Chandler Chicken Barbecue is a high protein, low-fat product. Our sodium levels and calorie counts are lower than other fully prepared entrées. No trans fat per serving.

## Traditional BBQ Pork Favorites

Chandler uses the same quality raw ingredients (Fresh Pork Boston Butts) to produce our CN label pork barbecues. Robust flavor, tender bite, and no excess fat keeps the students, faculty, and staff 100% satisfied when Chandler is on the menu!

## Chicken Barbecue

Barbecue has long been thought of as a backyard specialty. Chandler Foods captures that great BBQ taste in a Healthy Alternative entrée.

## Information you can use

Chandler Foods has extended information for Food Service Directors and Dieticians to make educated menu choices. Call us or log on to our data-rich website [www.chandlerfoodsinc.com](http://www.chandlerfoodsinc.com) for the “nuts and bolts” on why our products are the preferred Child Nutrition barbecue.

# Chandler Child Nutrition Chicken & Pork Barbecue
